22 October 1971

MEMORANDUM FOR THE RECORD

SUBJECT: 40 Committee Decisions

Due to the illness of the Executive Secretary and the absence of detailed minutes, the following decisions are hereby recorded for the official record:

Meeting: 10 March 1971

Present: Mr. Kissinger, Mr. Packard, Mr. Johnson, Lieut. Gen. Richard T. Knowles, and Mr. Helms.

Ambassador Graham Martin was present for Item 1.

[redacted] was present for Items 1 and 2.

[redacted] was present for Item 5.

[redacted] was present for Items 7, 8 and 9.

[redacted] Mr. Cord Meyer, and [redacted]  
were present for all items.

(4) Aircraft Survey Program

The Committee approved utilization of the U-2C aircraft in a domestic earth resources survey R&D program with the understanding that there should not be any mention made to any foreign countries about the possible use of the U-2 abroad until results of the domestic testing are fully analyzed and the question again presented to the Committee.

The Committee did not address itself to the question of which component of the government should have responsibility for directing the proposed program.

NSC review(s) completed.
